## CCIE Wireless v1.1

### Equipment and Software List

**Cisco IOS XE 17.15.x** to be used on all Cisco Catalyst equipment.

#### Access Points

- Cisco Wireless 9178I
- Cisco Wireless 9176I

#### Controllers

- Cisco Catalyst C9800-CL
- Cisco Embedded Wireless Controller (EWC) on Catalyst Switches (SD-Access)

#### Switches

- Cisco Catalyst 9300
- Cisco Catalyst 9200

#### Cloud-delivered

- Cisco Umbrella
- Cisco Meraki Dashboard

#### Other Virtual Machines

- Cisco Catalyst Center – 2.3.x
- Cisco Identity Services Engine (ISE) – 3.4.x
- Windows Server 2016
- Wireless clients (Linux/Windows 11) with Cisco Secure Client

**Note:** SaaS platforms such as Cisco Umbrella and the Meraki Dashboard are updated regularly. Features, capabilities, and UI could change between updates. Candidates will only be tested on topics covered in the exam blueprint and service availability is actively monitored.
